

## **Contents:**

### **Part I - Mechanics and Energy**

- Unit 1 - Mathematics and Vectors: A Toolbox for Physics
- Unit 2 - Kinematics: Constant and Changing Velocities
- Unit 3 - Dynamics: Forces and Newton's Laws
- Unit 4 - Motion in Two Dimensions: Circles and Projectiles
- Unit 5 - Momentum
- Unit 6 - Energy
- Units 1-6 Cumulative Review

### **Part II - Waves, Sound, and Light**

- Unit 7 - Waves, Sound, & Light Properties
- Unit 8 - Reflection & Refraction
- Unit 9 - Interference & Diffraction
- Units 7-9 Cumulative Review

### **Part III Electricity and Magnetism**

- Unit 10 - Static Electricity & Fields
- Unit 11 - Current Electricity & Circuits
- Unit 12 - Electromagnetism
- Units 10-12 Cumulative Review

### **Part IV Modern Physics**

- Unit 13 - Quantum Theory
- Unit 14 - Models of the Atom
- Unit 15 - Elementary Particles and The Standard Model
- Units 13-15 Cumulative Review

### **Glossary and Index**

- Reference Tables for Physical Setting / Physics
- Past Regents Examinations
